

Love Your Pet... Spay & Neuter!

Every February, in honor of the national campaign of Spay Day, Foothills Animal Shelter tries to increase education around the importance of spaying and neutering pets.

There will also be additional spay/neuter clinics:

- ♥ Saturday, **February 4** & Saturday, **February 11**
- ♥ Tuesday, **February 28** for KS107.5 listeners only (tune in to their morning show in mid-February for de"tails").
- ♥ If the Saturday clinics fill, we can schedule you on another date since several other clinics are on the calendar each week of the year.
- ♥ Call 720-407-5215 to make your appointment for one of the Saturday or other regularly scheduled spay/neuter clinics.

Did you know???

- ♥ It is estimated by the Humane Society of the United States that nearly 8 million animals are taken to shelters each year.
- ♥ In 2010, approximately 175,000 animals were taken to shelters and rescues in the state of Colorado.
- ♥ Each year, Foothills Animal Shelter takes in almost 10,000 orphaned pets.
- ♥ Spaying and neutering can be healthier for your pet. It can decrease the chance of several cancers such as testicular and ovarian.
- ♥ Altering your pet can also help with behavior issues.
- ♥ Spaying and neutering plays a big role in decreasing pet overpopulation.
